

# Fawzy Moawad

Vancouver, BC | [info@fawzymoawad.com](mailto:info@fawzymoawad.com) | [www.fawzymoawad.com](http://www.fawzymoawad.com)

**Professional Summary:** Highly motivated Sound Engineer, Software and Web Developer graduate with a robust technical background and meticulous attention to detail. I bring a unique blend of technical expertise, creative problem-solving, and a strong work ethic to every project I undertake. My proficiency in React, Node.js, and JavaScript, combined with in-depth knowledge of front-end frameworks like Bootstrap and Tailwind CSS, allows me to create dynamic, responsive, and visually appealing web applications. I am passionate about staying at the forefront of web development trends and continually expanding my skill set to include the latest tools and technologies. With a strong foundation in coding and design, I am eager to contribute to innovative web solutions, collaborate with multidisciplinary teams, and deliver high-quality results that exceed client expectations. My goal is to leverage my diverse skill set to make a meaningful impact in the rapidly evolving tech industry

## Skills:

- Proficient in HTML, CSS, and JavaScript for creating visually appealing user interfaces.
- Skilled in Bootstrap5 and TailwindCSS for styling.
- Experienced in ReactJS and jQuery for dynamic web applications.
- Have knowledge of NodeJS for building scalable server-side applications.
- Know MySQL for efficient data management.
- Capable of developing robust APIs for seamless communication between frontend and backend.
- Navigate the software development life cycle seamlessly, connecting frontend and backend.
- Have knowledge of CMS platforms like WordPress and Square Space.
- Able to create and customize websites with ease.
- Basic knowledge of Python, SWIFT and C#.
- Experience with responsive web design principles.
- Implemented responsive design techniques and optimized for mobile devices.
- Utilize Git & GitHub for efficient version control and collaborative development.
- Strong problem-solving and analytical abilities.
- Excellent communication and collaboration skills.

- Self-motivated and eager to learn new technologies.

## Work Experience

**Full-Stack Developer** | Freelancer | Vancouver, BC | 2023 – Present.

- Building dynamic web applications using HTML, CSS, and JavaScript.
- Developing communication between frontend and backend using Node.js.
- Create and customize websites with WordPress and Square Space.
- FUN (Family United Network): Developed a community-focused website for the Family United Network (FUN), an organization dedicated to supporting Canadian families.
- G PROSTHODONTICS: Developed a professional and user-friendly website for Dr. Mohamed Gebril, a specialist dentist. The site features a clean, modern design with a focus on accessibility and ease of navigation.
- Synergia Solutions: Created a robust web platform for an automation paperwork company, Synergia Solutions. Utilized HTML, TailwindCSS, and ReactJS to develop an intuitive and scalable user interface.
- Chef Moneim: Designed and developed a visually appealing and easy-to-navigate website for Chef Moneim, a renowned pastry chef. The site features vibrant imagery and interactive elements to showcase his culinary creations.
- Chef Ismail: Created a comprehensive online presence for Chef Ismail, a bakery chef. The website includes detailed sections for his baked goods, recipes, and services.
- DOP Mstafa Ezzat: Developed a portfolio website for DOP and cinematographer Mstafa Ezzat. The site features a sleek, minimalist design with embedded video content to showcase his work.
- ArtvidaMedia: Built a professional website for ArtvidaMedia, a media production company. The platform includes a portfolio section, service offerings, and client testimonials.

**Sound Engineer** | Freelancer | Vancouver, BC | 2019 – 2022.

- **Audio Recording:** Engineered recording sessions for Rappers, solo artists, and voiceover talents, ensuring high-quality sound capture.
